Key Service Lines

Women's Health

Lutheran Medical Center is the number one choice among Jefferson County moms for labor and delivery care. Lutheran's personalized approach to maternity care ensures that moms have the experience they envisioned in a safe and calming environment.

Neurosciences

Lutheran Medical Center's neurosciences program is certified as a comprehensive stroke program by DNV-GL and utilizes the latest treatments and state-of-the-art technology for stroke care. Lutheran's comprehensive neurosurgery program features an experienced team that is highly skilled in diagnosing and treating both common and complex neurosurgical problems. Specialists are trained in some of the most advanced surgical techniques and our surgeons are one of the few practices in the Front Range performing minimally invasive tubular procedures on both the brain and spine. A dedicated neuro-critical care unit and neuro-trained support services offer a comprehensive approach to neuroscience care.

Heart and Vascular

Lutheran Medical Center cardiac program provides a full spectrum of care from cardiac testing to complex surgery. Lutheran has one of the most advanced electrophysiology programs in the Denver area offering complex procedures including laser lead extraction and convergence procedure for persistent AFib.

Cancer Care

The Cancer Centers of Colorado at Lutheran Medical Center offers a multidisciplinary approach to cancer care. We offer our patients the latest technology in cancer treatment and renowned cancer physicians while delivering personalized, high-touch, compassionate care. Our comprehensive oncology program includes medical oncology, radiation oncology, surgical oncology, radiology services, pathology services, patient-centered infusion center, lymphedema and cancer rehabilitation services, and supportive care services including genetic counseling, survivorship programs, specialized nurse navigators, dietitians, financial counseling, and access to clinical trials.
