Making it Easier to Access Care

SCL Health Medical Group offers a variety of tools to empower

patients to take an active role in managing their health. From the SCL Health app and online scheduling options to video visits and next available virtual care, our patients can access care when and where they need it.

Growth

SCL Health Medical Group is expanding our footprint to provide

even more opportunities for patients to access care across the communities we serve. Increasing the number of both primary and specialty care clinics ensures that our communities have access to comprehensive, high-quality care closer to home.

Provider Experience

SCL Health knows that by providing resources to enhance the

clinician experience, high levels of patient satisfaction will follow. Our providers have access to a variety of continuing education programs as well as leadership opportunities that enable them to directly impact the organization and the care we provide to our communities.

OUR MISSION

We reveal and foster God's healing love by improving the health of the people and communities we serve, especially those who are poor and vulnerable.

SCL Health Medical Group serves patients across the mountain west with clinics in Colorado, Montana and Wyoming.
