

## System Overview

SCL Health is a faith-based, nonprofit healthcare organization dedicated to improving the health of the people and communities we serve, especially those who are poor and vulnerable. Founded by the Sisters of Charity of Leavenworth in 1864, our \$2.8 billion health network provides comprehensive, coordinated care through eight hospitals, more than 150 physician clinics, and home health, hospice, mental health and safety-net services primarily in Colorado and Montana. We relentlessly focus on delivering safe, high-quality, effective care to every patient, every time, everywhere.
