Key Service Lines

Heart & Vascular

The Heart & Vascular Institute at St. Mary's is home to the region's most accomplished cardiac and vascular care program. From diagnosis to rehabilitation, St. Mary's offers the most comprehensive heart care and is ranked nationally in several cardiac and vascular procedures. St. Mary's is the only designated Chest Pain Center in a 500-mile area which includes Primary PCI & Resuscitation. The program has received numerous High Performance Achievement awards. St. Mary's offers several minimally invasive procedures such as Transcatheter Aortic Valve Replacement (TAVR), MitraClip and Watchman.

Orthopedics & Spine

St. Mary's offers a full-range of spine and orthopedic services including sports medicine, total joint replacement, pediatric orthopedics, podiatry, spine programs and more. The program focuses on nonsurgical and minimally invasive intervention but is also nationally recognized for hip and knee replacement surgery. The Comprehensive Spine Center is the most robust program of its kind in the region featuring the area's most skilled physicians and advanced technologies.

Women's Health

Recognized as one of the nation's best maternity hospitals, St. Mary's remains the region's #1 choice for labor and delivery care. Designated as a Baby-Friendly Hospital and offering full-range of pre- and post-natal support services, St. Mary's is the region's most comprehensive hospital for women and children. The hospital's OB-GYN services provide a full-range of birthing options including midwives, and when things don't go as planned, high-risk maternity services are supported by Children's Hospital Colorado and St. Mary's Level III Neonatal Intensive Care Unit (NICU).

Emergency & Trauma Care

St. Mary's offers the highest level trauma care between Denver and Salt Lake City, making it one of the most essential and important medical centers in the region. As a Level II Trauma Center, St. Mary's brings patients and their loved ones the most skilled services and highest technology available in the area. The CareFlight program offers helicopter and fixed-wing transport to Colorado's most remote regions from some of the world's most skilled mountain pilots and flight nurses.

Neurology

St. Mary's is a Comprehensive Stroke Center, which is the highest level stroke designation awarded by DNV-GL. As the only Comprehensive Stroke Center in Western Colorado, St. Mary's provides a full spectrum of emergent and critical care for both ischemic and hemorrhagic stroke patients. Stroke patients are assisted with reintegration back into the community by our comprehensive inpatient therapy and rehabilitation services. St. Mary's stroke program is proud to have been awarded the Gold Plus Award from the American Heart & Stroke Association for nine consecutive years.
